Type	Description	Qualities
T-shirt (poly cotton blend)	Mix of shirts, pants, dresses and shorts in t-shirt material. Most popular rag for all industries and trades. Available in coloured or white.	Soft and absorbent with no fraying or lint.
Light cotton	Mix of summer dresses, business shirts and other light items. Good general rag. Available in coloured or white.	Light and absorbent.
Heavy cotton	Mix of denim, windcheaters, heavy drill and corduroy. Suitable for heavy machinery i.e. mining or engineering.	Durable, heavy rag.
Mixed cotton	Mixed light and heavy materials. Suitable for industries with a range of needs.	Mixed light and heavy qualities.
Fleecy	Windcheater and heavy tracksuit materials. Suitable for heavy machinery i.e. mining, engineering or mechanical.	Soft yet durable rag.
Sheets	Normal household bedsheets. Popular in most industries. Available in coloured or white.	Light and absorbent rag with fewer seams. Suitable for use as drop sheets when uncut.
Flannelette (100% cotton)	Genuine flannelette. Super absorbent, excellent polishing rag. Used for glass, detailing and buffing.	Soft and absorbent rag.
Towels	Regular bath towels. General usage for all industries.	Very thick and absorbent rag.

Rags that make a difference...

We offer quality rags at great prices, together with a friendly and efficient service. With every bag you buy, you are supporting Lifeline's 24-hour Crisis Support Line as well as programs to help individuals, families and children in crisis across the state.

Thank you for choosing to support Lifeline.
